Our fees are definitely on the high side when compared to commercial providers, like Officeworks, that charge 8 cents for a copy on superior quality paper and what's more their staff will do the photocopying for you; thereby also providing a higher level of service. Changing this fee could impact our revenue in 2 ways. It may decrease our revenue slightly, but not significantly compared to the current financial years; or it could increase our revenue as customers will be more inclined to use the service as it is more price competitive. The current fees are historical based on a fee structure when the actual cost of producing copies was much higher.

Our fees are definitely on the high side when compared to commercial providers, like Officeworks, that charge 8 cents for a copy on superior quality paper and what's more their staff will do the photocopying for you; thereby also providing a higher level of service. Changing this fee could impact our revenue in 2 ways. It may decrease our revenue slightly, but not significantly compared to the current financial years; or it could increase our revenue as customers will be more inclined to use the service as it is more price competitive. The current fees are historical based on a fee structure when the actual cost of producing copies was much higher.
6.3	A3 (Colour) per copy	\$2.00	\$1.00	-50.00%	Income being generated from photocopying/printing is trending down as customers use other means to copy material like scanning and emailing documents. 6.3	Damaged/Lost Items except magazines - Original value of item PLUS Fee. If a book is lost or stolen from a borrower, or has been damaged while in his/her possession to an extent which renders it unusable, he/she shall pay to the Council the original value of the book. In the event of a book being part of a set or series, he/she shall pay the full value of the set or series in cases where the parts are not obtainable separately to reflect increased costs <i>*No refunds applicable for lost and PAID FOR items.</i>	\$18 + Original Cost of Item	\$7.50	-58.33%	This is not a revenue making fee. It is the fee charged as a processing fee if a customer loses or damages a book. The current fee is based on an estimate of the cost based on cataloguing and processing books in-house by Library staff. Now that the Library has contracted out cataloguing and processing of library materials the actual cost is in the range of \$6.50 to \$7.00 so that a fee of \$7.50 is more than fair. The existing processing fee of \$18.00 does lead to strained staff/customer relationships, especially when the book lost or damaged may have a retail cost of under \$10.00.
