14.1	Parramatta Light Rail Stage 2.....	3

## NOTICE OF MOTION

---

**ITEM NUMBER** 14.1  
**SUBJECT** Parramatta Light Rail Stage 2  
**REFERENCE** F2022/00105 - D08488196  
**FROM** Councillor Paul Noack

### MOTION

**That** Council notes with concern the recent NSW Government announcement that major projects in Western Sydney including the Parramatta Light Rail Stage 2, are under review and accordingly resolves the following;

1. That the Lord Mayor write to the Premier and Minister for Transport calling on them to commit to this **important** infrastructure for our LGA, and calling for a meeting to discuss this matter
2. This project if delayed will further increase costs, and given the projected development of housing and increased population in the relevant Parramatta suburbs will further see transport infrastructure lag behind development, and the needs of our growing communities will be ignored
3. Council further notes this project will provide thousands of jobs for our local community, and will provide the connectivity our LGA needs

### BACKGROUND

1. No background information provided.

### CHIEF OF STAFF RESPONSE

2. Correspondence will be prepared and distributed to the Minister for Transport from within existing resources.
3. Premier Dominic Perrottet and Infrastructure Minister Rob Stokes have commented via the media that the timing of major NSW projects is being reviewed.
4. Minister Stokes has advised that the timing of projects that were yet to receive an investment decision, including the second stage of the Parramatta light rail, would be reviewed.
5. Minister Elliott has advised that changes to timelines were inevitable, given the scale of the infrastructure pipeline in NSW.

### FINANCIAL AND RESOURCE IMPLICATIONS

6. There are no unbudgeted financial and resource implications associated with this motion.
