Dear Mr Hynes

Thank you for your letter regarding the proposed renaming of Sydney Olympic Park Ferry Terminal. The Secretary has requested that I respond directly to you.

The future of the Central River City, encompassing Greater Parramatta and the Olympic Peninsula (GPOP), will be transformed as new city-shaping transport investment, urban renewal, and other services and infrastructure is delivered. As part of the planning and investment across GPOP, Transport for NSW (TfNSW) will work closely with key stakeholders to deliver place-based outcomes that are supported by well-connected and integrated transport options, including the planning for Stage 2 of the Parramatta Light Rail.

TfNSW acknowledges the reasons outlined by the City of Parramatta Council to rename Sydney Olympic Park Ferry Terminal. It should be noted that a renaming process carries a significant cost to update customer-facing information, collateral and digital channels across the transport network.

As the asset owner and naming authority, TfNSW will investigate the potential renaming of the Sydney Olympic Park Ferry Terminal as part of future planning in the area to ensure it assists customers with location and navigation. TfNSW will consult appropriately with key stakeholders, including the City of Parramatta Council, during the renaming process.

If you have any further questions, Mr Rhys Haynes, Director Engagement and Communication, Parramatta, would be pleased to take your call on 0437 908 444. I hope this has been of assistance.

Yours sincerely

Steve Issa
